2012 Financial Donors
Thank you to all who have contributed to THI. We have provided a list of all donors who gave $1,000+ in 2012 and have a full list of donors on our website. Every attempt is made to provide accurate reporting to our donors and stakeholders. If your name or the name of your organization is missing or not categorized correctly, we apologize and ask that you notify us at 216-781-2250, ext 27.

Executive Director
Sherri Brandon, MSSA
Dear friends,

On behalf of Transitional Housing Inc’s Board of Directors, THI staff and the 3,000+ clients served by THI in the past 27 years, we would like to extend our most heartfelt appreciation to our generous financial contributors, our passionate volunteers and the Cleveland community for continuing to support THI in helping make our mission a reality. It is because of our loyal supporters that we are able to continue serving the homeless community by providing a safe environment and wrap around programs to promote self sufficiency and independence.

To better serve our clients, THI is going through a strategic planning process to outline the course of the organization until 2016. We are excited about sharing our findings with the community in the near future and to continue to be at the forefront of fighting homelessness in our community. We could not do what we do without your dedication and support.

In gratitude,

Lorraine Hartman
President
Board of Directors

Sherri Brandon
Executive Director

What We Do

THI was founded in 1986 and was one of the first organizations to provide both a safe environment to homeless individuals and wrap around services and programs. With this model, THI has helped over 3,000 individuals and families become self sufficient and independent. Over 90% of all residents who have come through the doors have successfully completed the program and moved on to permanent housing with an income. We pride ourselves on this success rate and achieve it by providing:

A Safe Environment:
THI has a total of 60 single occupancy rooms with a mix of Garden Apartments for Permanent Supportive Housing and units for Transitional Housing.

Programs And Services:
Upon arrival, all clients are paired with a Program Advisor who provides case management and support throughout the client’s journey. Together the client and Program Advisor create an Individualized Plan, which outlines obstacles, overall goals and ways to achieve those goals. THI offers many in-house programs including:

Life Management courses: Designed to increase awareness about home, finances, relationships, anger management, time management, self-awareness, goal setting, substance abuse, domestic violence and health.

Job Readiness Workshop: Four week workforce readiness workshop that covers job search techniques, interviewing skills, business etiquette, time management and goal setting. Once client graduates from course, they begin the job search process and/or join SOAR, which is a way for clients to familiarize themselves with a workplace while earning a stipend for jobs held at THI.

Family Programs: Designed to reunify parents and children by teaching parents how to support their children in becoming healthy, proud and capable individuals. Additional programs for children address topics such as handling anger, behaving non-violently, dealing with bullying, the effects of violence in school and issues associated with peer pressure, conflict, drugs, alcohol and tobacco.

Follow Up Services:
Once a client moves out, THI ensures continued success through frequent home visits, developing relationships with employers and landlords and providing home and employment retention.

In gratitude,

Lorraine Hartman
President
Board of Directors

Ways to Give

THI relies on the generosity of donors to help clients of THI become independent and self sufficient. Please consider giving in one of the following ways:

Donate: Your monetary contribution will go towards the safe environment, programs and services that are offered to the residents of THI. All gifts, no matter the size, make a difference and are greatly appreciated. We also have a Monthly Giving Program, where your credit card will be charged a set amount each month, so you can give year round. THI also accepts in-kind donations including clothing, non-perishable food, personal care items, children’s toys and clothes, and furniture.

Volunteer: THI has many volunteers that help in all different capacities from building maintenance to teaching a class to residents. We are able to keep our operating costs low due to the amount of volunteers we have.

Employ: As residents gain skills and experience at THI, they will be looking for employment in the outside world. We have relationships with many local companies and hope that you and your company would be willing to join in our efforts.

Participate: Get involved by attending one of our events throughout the year. There is something for everyone. To receive information, join our mailing list and like us on facebook.

Host a Fundraiser: In hosting a third party fundraiser, you would not only be raising much needed funds for THI, but would be exposing our mission to a broader group of people. You can be as creative as you would like with your fundraiser and THI is here to help.

Learn More: If you feel like you want to give in some way but still have questions, we encourage you to talk to THI staff, take a tour of the facility, or attend an event.

To donate, volunteer, employ or learn more, please contact Maggie Byrne at 216-781-2250 or mbyrne@transitionalhousinginc.org

Also, remember to follow us on facebook.
