Dear Friends,

As you may be aware, this past year has been one of major transformation for Front Steps Housing and Services (formerly known as Transitional Housing Inc.)! Here are a few things that we’ve been up to:

- Completed our strategic plan and shifted from a transitional housing model to a permanent supportive housing model to respond to changes in the needs of the homeless population as well as shifts in government funding.
- Announced our new organizational name to the community – Front Steps Housing and Services – which better conveys our scope of current offerings.
- Continued to fulfill our mission of providing individuals and families who are mentally disabled and/or economically disadvantaged in Cuyahoga County with permanent supportive housing and lifelong solutions to increase self-sufficiency and independence.
- Created new collaborations with other local nonprofits to better serve our community and residents.
- Executed our First Annual Home for All Ball on Saturday, November 15 at Windows on the River, which raised over $40,000.

We have accomplished all of these things with an extremely efficient and effective Board of Directors and staff, as well as our supporters and donors in the community. Thank you for your continued support!

In gratitude,

Corrine Hartman
President, Board of Directors

What We Do

FRONT STEPS IS a nonprofit organization dedicated to ending the cycle of homelessness in our community. It provides individuals and families who are mentally disabled and/or economically disadvantaged in Cuyahoga County with permanent supportive housing and lifelong solutions to increase self-sufficiency and independence.

FRONT STEPS SERVES men, women and children of all ages who are homeless and disabled (mental illness and/or substance dependency). Residents are referred by homeless shelters through the Cuyahoga County Central Intake process.

FRONT STEPS PROVIDES a safe and secure environment with 60 rooms all located within the facility, personalized case management to all residents; and programs to increase skills, confidence and independence. Many of the programs are not only offered to residents, but also to former residents and those in the community. The core programs are categorized as:

CENTER FOR INDEPENDENT LIVING

Programs designed to teach the skills and confidence necessary to achieve independent living.

Center includes health and wellness, financial literacy, household management, child rearing, family reunification, social skills, and peer support.

BEHAVIORAL HEALTH CENTER

Programs designed to address overall mental health and wellness.

Center includes case management and assessments, counseling, self-help groups, spirituality groups, and art therapy.

LEARNING CENTER

Programs designed to further client education and employment to increase opportunities for income.

Center includes workforce readiness workshop, on site job training, GED classes and other resources to further education and certifications.
