Roslyn High School Mobile
Terms and Conditions

By using Roslyn High School Mobile, you agree to and understand the following terms and conditions.

1. RHS Mobile is intended for the use of Roslyn students, parents, alumni, and faculty only. While you may use the app if you are not a part of Roslyn High School, its information does not apply to you.
2. When opening RHS Mobile for the first time, you are asked for your first name, last name, and grade/school status. This information is only used for app personalization, is stored locally on the device, and is not used for any account in any fashion.
3. RHS Mobile developers do not have access to or track any information on your phone in any way.
4. RHS Mobile sends local notifications. In order for some features to work, you are required to allow the app to send notifications. You will never be spammed with notifications and you can deactivate them at any time in your device’s Settings.
5. Period notifications are alerts that come to your phone five minutes before the end of the periods you have selected. It is recommended to only use period notifications during free periods to avoid class distractions. Sweet Development is not to be held responsible if your device is confiscated because of use during class.
6. Some features in RHS Mobile load information from the internet. Data charges may apply if you are not on Wi-Fi depending on your cellular plan.
7. The Homework Planner feature of RHS Mobile is not recommended to fully replace your physical homework planner. Sweet Development is not to be held responsible if device data issues result in the loss of saved homework assignments.
8. With RHS Mobile versions 1.0.1 and later, you have the option to change your profile name. This is to be used if your device is being handed over to another user, or if your name was originally entered incorrectly. You are expected to only use your own full and real name for RHS Mobile. Commonly used profound language is blocked and your name will not be saved if obscene language is detected.
9. It is recommended that RHS Mobile is not used during classes to avoid the distraction of yourself and other students. Sweet Development is not to be held responsible if your device is confiscated because of use during class.
10. If you have any further questions, please contact Sweet Development by e-mail at contact@sweetdevelop.com or by phone at +1 (516) 399-1791
