

Lea Martin

Industrial Designer

Experience

Human Inc. Industrial Design Intern
July 2016–Present

In addition to supporting the ID team on current projects, daily responsibilities consist of organizing and maintaining the ID prototype lab, as well as prototyping through 3-D prints and urethane castings.

Anvil Studios Industrial Design Intern
July 2015–April 2016

Responsible for design audits, ideation, usability research, and prototyping of ongoing industrial design projects. Perform current market trend research and project documentation in support of studio work.

University of Washington Junior Show Coordinator
March–June 2015

Acting as liaison between IDSA, Western Washington ID, Art Institute ID, and the UW ID program. Organizational lead for the UW ID junior class defining student roles, scheduling, and tasks.

Industrial Designers Society of America Intern
February–August 2015

Working as administrative support to IDEA Jury Chair, Matthew Marzynski, documenting the jury evaluation of work and preparing film and presentational media of the judging process.

University of Washington Shop Supervisor
February–April 2015

Aided in the sophomore class shop training and related coursework in the ID program. Offered mid-process critique of student design work while advising on the technical use of tools.

Sodexo at the Seattle Aquarium Banquet Lead
August 20, 2012–Current

Assist with managing staff during events to ensure client's needs are met. Additional responsibilities include training new members of our team and organizing event breakdown.
