

FAKE CLINICS!?

HOLD THE PHONE! WHAAA-T?

YEP! Often called Crisis Pregnancy Centers (CPCs aka FAKE CLINICS) are imposter clinics set up by anti abortion extremists, designed to shame and stigmatize vulnerable people who are exploring ALL options and needs with regards to their pregnancy. What's worse, they currently outnumber ACTUAL abortion providers in epic proportions.

Let's breakdown the real CRISIS about Crisis Pregnancy Centers with a little side-by-side action. Shall, we?

FAKE CLINICS (CPCs)...

- ...are run by **religiously affiliated** extremist organizations.
- ...provide free pregnancy tests and ultrasounds but **mostly shame and lies** about reproductive health.
- ...offer incentives (diapers) to choose their **one option**: carrying a pregnancy to term.
- ...spread **fake facts** NOT supported by any trusted medical institution (abortion causes breast cancer, depression, and infertility).
- ...are **UNREGULATED** by the state.
- ...are funded by **TAXPAYER** dollars in many states.
- ...**think THEY know** what's best for you.

ACTUAL ABORTION PROVIDERS...

- ...are trained **medical professionals** whose care is based in science.
- ...provide the **full range of reproductive healthcare**, including safe, legal abortion.
- ...offer info and counseling for **all options** including: carrying to term, adoption referrals, AND abortion.
- ...are governed by research and **medical ethics**.
- ...are licensed and **HEAVILY REGULATED** by the state.
- ...are **not funded with tax dollars** and are constantly under threat of closing.
- ...**think YOU know** what's best for you.
