KEYNOTE SPEAKERS

ANDY NAJA-RIESE, CEO OF AGRICULTURAL INSTITUTE OF MARIN (AIM)

As CEO of AIM, Andy oversees management of seven Certified Farmers Markets in the Bay Area which represents over 300 family farms, specialty food purveyors, and artisans including low income food access programs. Prior to joining AIM, he was Chief of the Program Integrity Branch of the USDA’s Food and Nutrition Service, Western Region. He was responsible for the implementation and oversight of the Supplemental Nutrition Assistance Program (formerly called Food Stamps). In that role, he oversaw the administration of $12 billion in benefits, redeemed by 8 million low-income households at grocery stores, farmers markets, and other retailers across the Western States.

ALLISON BOVELL-AMMON, DEPUTY DIRECTOR OF POLICY STRATEGY FOR CHILDREN’S HEALTHWATCH

Children’s HealthWatch is a nonpartisan network of pediatricians, public health researchers, and children's health and policy experts committed to improving children's health in America. In 2010, Children's HealthWatch was on the team that developed the Hunger Vital Sign™, a 2-question screening tool based on the US Household Food Security Scale to identify young children in households at risk of food insecurity. This screen is being widely use across the country, including in Idaho. As Deputy Director of Policy Strategy for Children's HealthWatch, Allison leads the federal policy work of Children’s HealthWatch and co-leads the innovative Housing Prescriptions as Health Care.

ABOUT THE IDAHO HUNGER RELIEF TASK FORCE

In October of 2006, the first statewide Summit on Hunger and Food Security was held in Boise. This first Summit brought together faith leaders, charitable emergency food providers, state and local government, health providers, advocacy groups, business and industry, and community members to learn about and identify appropriate Idaho solutions. One of the first 'next steps' was the creation of a statewide hunger relief task force meant to work as a collaboration of public and private agencies and organizations from many different sectors to work together to promote food security.

The Idaho Hunger Relief Task Force was established in 2008 with a vision that in a state as abundant as Idaho, hunger will not exist. The mission is to put public and private resources into action statewide to eliminate hunger and provide food security for all Idahoans.

The 2018 Summit on Idaho Hunger and Food Security marks 10 years since the inception of the Task Force and the seventh statewide Summit on Idaho Hunger and Food Security.
