Music Teacher

Yunnan, China

Short Description of Role:

Since our beginning in 2007, YaGe Community Arts Center has been offering amazing opportunities to hundreds of Chinese students through the vehicle of music education. Our music department has grown to include study in piano, violin, woodwind and brass, hand bells and performing ensembles. Our teachers are able to teach music cross-culturally and use Chinese language as they receive specialized training in preparation for this work. We are seeking music teachers who are passionate about music, and who desire to share their love for music with students who have never had the opportunity to formally study. This is a great opportunity to use your musical talents to further His Kingdom work!
