ALBUMS

Season 16/17

HELLO!

Sitting down with your friends and family with a wine or a cuppa, showing off your wedding photos and reliving the day together.. This is what our wedding albums and prints are all about. There is something special about holding your images in your hands, sharing stories as you turn over each page. There's a magic there that clicking on a screen just can't recreate. Let your images come to life and get them printed in a

wedding album. Our albums are desined by us and lovingly built in The States. They come sized at 10x10inches and come in a range of leathers and fabrics with multiple colour options. All our Framed Prints are made in New Zealand with the highest quality glass, timber and matte boards. There is a range of sizes and frame colours to choose from.

Cam and James.

A person wearing a dark green, textured knit sweater is holding a square, brown leather-bound book. The book is held with both hands in front of their chest. The cover of the book is plain, with white text centered on it. The text reads "Adam + Bex" in a cursive font, and "27 FEB 16" in a smaller, sans-serif font below it. The background is a plain, light-colored wall.
