

WHY CHOOSE HEARTLAND SPRINGS ?

[13 primary reasons-3 here, 10 on back page](#)

11. Water flows 24/7 from this recognized & naturally pure spring- Local Govt consent to take this spring water for drinking purposes.
12. Spring is tested pollutant free. Meets NZ, the EU (Rule 2009/59) & Singapore wholesome standards.
13. A DELICIOUS TASTE.

HOW LUCKY ARE WE ALL?

I million+ litres of pure raw organic spring water flows daily & naturally from Heartlands Springs.

Your CHOICE - Your HEALTH

Drinking Choices are simple: 1 OR 2 OR 3!

1. Raw Organic Spring Water- unprocessed & not refined
2. Spring water treated/refined. Is goodness lost?
3. Other non-spring refined waters. Tap, Rain, Distilled, Reverse Osmosis, River, Bore? What's in it-what's NOT?

The European Union might help you decide- In RULE 2009/59, their laws says: "natural mineral water may have properties favorable to health AND is distinguished from 'ordinary' drinking water by its nature, minerals, trace elements, certain effects and natural purity. Any disinfection treatment by whatever means shall be prohibited."
