

## **Alertus Technologies Joins the Cisco Solution Partner Program**

**Beltsville, MD – June 27, 2016** – Alertus Technologies® announced that it has joined the Cisco® Solution Partner Program as a Solution Partner. The Internet of Everything (IoE) continues to bring together people, processes, data and things to enhance the relevancy of network connections. As a member of the Cisco Solution Partner Program, Alertus Technologies is able to quickly create and deploy solutions to enhance the capabilities, performance and management of the network to capture value in the IoE.

“Alertus Technologies is excited to be partnering with Cisco,” said Jason Volk, Founder and CEO of Alertus Technologies. “Our new integrated mass notification capabilities empower institutional and corporate customers to activate and takeover Cisco VOIP and Cisco Digital Signage systems with urgent alerts to protect their personnel and maintain continuity in a crisis.”

The Cisco Solution Partner Program, part of the Cisco Partner Ecosystem, unites Cisco with third-party independent hardware and software vendors to deliver integrated solutions to joint customers. As a Solution Partner, Alertus Technologies offers a complementary product offering and has started to collaborate with Cisco to meet the needs of joint customers.
