EVERCHANGING FLAVOURS

The Everchanging Flavour System

With our everchanging flavour system the flavour is constantly changing. So one batch it might be strawberries and cream in your tummy then maybe fruit salad, then white chocolate cheesecake and millions in between.

We use the following awesome flavour palette to create our everchanging flavours;

*Strawberries
& Cream*

*Mint Choc
Chip*

*White Chocolate
Cheesecake*

*Banoffee
Pie*

Cola

*Sherbet
Lemon*

*Sage &
Onion*

*Fruit
Salad*

*Rhubarb
& Custard*

*Apple &
Blackcurrant*

One batch will generally make around 20 ice creams and the Lick Me I'm Delicious ninja working at your event will create combinations of the above to really smack your tastebuds. We can also colour the ice cream to match your brand or party colour and really mess with people's heads.
