Hello teachers! Thank you for allowing The Hovercraft Project to help students “Learn to Love to Learn!”

PRIOR TO OUR ARRIVAL:
Send home the RELEASE OF LIABILITY for parents to sign and return to you. Our Hovercraft Project onsite manager will collect the Release of Liability forms on the day of your project.

Place your students into groups of 6 - 8. No more than 16 groups per day.

Have each of those groups elect a Team Leader. Team Leader will assign roles to their team members.

Please review and implement the PROJECT IDEAS listed below.

PRE-PROJECT IDEAS:
- Discuss characteristics of good leaders and good team members.
- Discuss ideas on how to make a decision when team members disagree.
- Discuss ideas, reactions, or behaviors that could break a team apart.
- Review Radius, Diameter, Area, Circumference of a circle if a part of your curriculum.

POST-PROJECT IDEAS:
- Reference students’ experiences in The Hovercraft Project to create a context for learning new topics.
- Use the team approach to classroom learning and projects.
- Use the Socratic method of learning to instruct.
