In July, the newest members of the MPI family made the move to their respective sites, marking the 2013-2014 team of Program Directors as MPI's tenth group! Representing 20 different universities, this exceptional team is a great example of the many ways MPI has grown over the past ten years. We are excited to see what our tenth year brings and look forward to celebrating this huge milestone with all of you.

Help us welcome the 2013-2014 group by visiting our Facebook page and letting them know how excited we are to have them in the MPI family.

Guatemala Update

This year, given the number of committed Program Directors (PDs), MPI made the strategic decision to not send a group of PDs to Guatemala. While the site will look different, we will still host Spring Break volunteers and Summer interns. For more info email us or click here.
