"Your partnership is impacting close to 5,000 lives each year. Thank you for being part of the MPI community."
- Lori Scharffenberg Warren, MPI Executive Director

10 Child Sponsors Needed

Ten children in MPI’s Child Sponsorship and Nutrition program are in need of sponsors. This program in Nicaragua serves critically undernourished children with weekly home visits, health education for mothers, and medical attention to intervene at a critical stage of development. Sponsors contribute $20/month, which provides milk, oatmeal, beans and vitamins in addition to medical care, health monitoring and gifts on special occasions. Will you sponsor a child today?
