 TRUSTEE Katie Saville
 CLERK/TREASURER, Elizabeth Kaye

Mayor Williams opened the work session at 7:00 pm.

The Board addressed a complaint about a car belonging to a non-resident commuter parked all day on Madonia Court. The Board did not want to restrict parking on the street at this time so suggested the Code Enforcement Officer monitor the situation.

The Board discussed a memo from Scott Wilson, Zoning Board Chair, which questioned the guidelines by which the DRB reviews solar panels.

The Board agreed to extend the temporary laborer until August 31, 2015 to help with vacation coverage over the summer. Michael Rice is expected back from his Workers Compensation absence on May 18th.

The Board discussed salary increases and agreed to the 2% as proposed in the Budget.

The Board reviewed the existing policies on the use of the Village Green and Village Hall. The noteworthy change was that an applicant be sponsored by one of the Village's organizations. The Clerk will make the changes to the policies and notify the Village organizations of the new requirement.

There being no further business before the Board, Deputy Mayor Herbert moved to close the meeting at 9:10 pm. The motion was seconded by Trustee Bartels and unanimously approved.

Elizabeth Kaye, Clerk/Treasurer
