

Position Summary:

Joint Venture Strategic Advisors (JVSA) was built out of a collaboration between Joint Venture Management Inc., Catalyst LLP and PKF Texas. Our goal is to address the demand for joint venture audit professionals in oil & gas and the global energy markets. We are committed to delivering high quality service through our knowledge and expertise.

We are committed to our employees and their career growth within our organization. We have a positive work environment that promotes work/life balance, professional growth and development and challenging assignments

Catalyst LLP is recruiting on behalf of JVSA and we are looking for intermediate “**Joint Venture Expenditure Auditors**” to join our team and to assist us in our growing business. We are looking for someone who is professional, business oriented and willing to go above and beyond. The successful candidate must be a motivated, self-starting individual with a good understanding of the Oil & Gas industry and joint venture agreements and arrangements.

Roles and Responsibilities

- Perform and manage both capital and operating expense joint venture audits.
- Establish audit objectives and audit scope, develop audit plan.
- Operate as Lead Auditor and oversee field auditors.
- Develop staff with consistent training and developmental feedback.
- Review and manage information requests and queries prior to being issued.
- Prepare audit reports and client communication.
- Ensure audits are completed efficiently within established time lines and on budget.

Qualifications

- 10 years minimum experience in the oil & gas industry (preference given to those having field experience).
- University degree or equivalent industry experience.
- Strong experience and knowledge in all aspects of joint venture work.
- Excellent written and verbal communication skills.
- Exceptional knowledge and understanding of Joint Venture agreements, CAPL operating procedures and PASC accounting procedures.
- Ability to work with various levels of staff in a professional manner.
- Attention to detail and outstanding analytical skills.
- Able to prioritize with the flexibility to manage workload demands and multiple tasks.
