NOTES

For start-up companies, subscription fees for the first year will be based on fifty percent of the projected gross revenue. A review of the subscription fee will be conducted in the second year of operations.

Companies/individuals joining the Chamber after the start of a subscription year will have subscription fees pro-rated from the date of the acceptance of their application.

Along with this application form, you are required to submit (1) a non-refundable deposit of TT\$500, (2) your company's profile and either the last audited income & expenditure statement or a letter from your bankers stating your annual gross revenue and (3) two reference letters from Chamber member companies (see list on www.energy.tt).

In the case of a company, this application must be completed and signed by a Duly Authorised Officer**. Please affix the company stamp. Kindly note that if you are accepted for membership with the Chamber, you agree to be bound by the by-laws of The Energy Chamber.

DEFINITION OF SECTORS OF MEMBERSHIP

Utilized to determine sector representation in the Energy Chamber in accordance with the by-laws approved on 9th May 2013.

Membership Sector	Definition in accordance with processes outlined in by-law 4
Upstream operator	<p>Company whose primary business is producing hydro-carbons and who operates under one or more of the following:</p> <ul style="list-style-type: none"> • Exploration & Production licence, • Production Sharing Contract, or • Farm-out, Lease-out or Incremental Production Sharing contract or a similar legal arrangement. <p>Includes non-resident companies seeking to access exploration acreage or companies producing hydro-carbons under similar legal arrangements in other jurisdictions.</p>
Downstream or midstream operator	<p>Company whose primary business is:</p> <ul style="list-style-type: none"> • Transformation of hydrocarbons into intermediary or refined products, • Bulk transportation of crude oil or natural gas, • Electricity generation, • Large-scale primary industries that use significant volumes of gas or electricity. <p>Includes companies actively seeking to establish these businesses in T&T and Government owned entities involved in business development in this sector.</p>
Energy Service Company or Contractor	<p>Company whose primary business is to sell goods or services along the energy value-chain that require energy-sector specific skills, knowledge or capabilities, including the provision of specialist equipment, tools or processes and retailers of fuel to end user customers. The sector includes contractors involved in plant construction or maintenance, consulting engineering firms who primarily sell services to the energy sector and training providers with a specific energy sector technical focus. Individual members with energy sector specific technical expertise are also included in this sector.</p>
Other	<p>All other companies who are members of the Energy Chamber, including consultants, financial service companies, law firms, accountants, generalist training providers, hotels, restaurants, governmental agencies and non-governmental organisations. Includes individual members who provide general advisory services.</p>

Note: Companies who do significant business in more than one sector should be categorized into the primary business area for the company.

Why do you wish to join The Energy Chamber? (Please select relevant reason/s)

- For networking opportunities through events
- To gain more information on the energy sector
- For The Energy Chamber to advocate on behalf of my company and my sector (state specific areas below)
- To become a member of one of The Energy Chamber's committees
