Meet the PRINCIPAL

Within the halls of every school is a leader who has a vision: a person who has ideas about what education means to children and families, and whose primary role is to move the school's mission forward. Here a few Principals share their perspectives.

The International School: Principal Maria Abad

025 SW Sherman Street Portland, Oregon 97201-5120

503-226-2496 | Admissions@intlschool.org | www.intlschool.org

Education opens avenues for individual growth, allows groups to learn from one another, and allows learners to expand the horizons of their communities.

We believe that fluency in more than one language and culture will be essential for today's children. We understand how children learn languages. Our experienced, native-speaking teachers and our international environment help each child become bilingual, truly understand other cultures, and feel confident about his or her place in the world.
