MESSENGERS OF HOPE

Friends,

We hope that you are well. It has been an amazing past few months of growth. We are thankful for the relationships with The Factory Church and L² Water Inc. who funded 3 new water wells that are underway at the moment. And we are thankful for you!

We hope and pray that all our friends and partners are safe through the storms. Life can be hard sometimes. I am thankful we have resources in the U.S. unlike Uganda where there is little access to water and technology to build their communities. The little help that we provide to build community centers and wells creates a lasting impact and improves people's lives with hope for a better future.

Generational Blessings in Uganda

We have a fabric in our culture that strives to be better because we were founded on principles that have endured through the years... generational blessings. When I speak about generational blessings to the Ugandan leaders I give them personal examples as do others in the team. We talk about how our parents related to us and taught us the way we should live. We talk about the hard work of our parents so that we could get an education. We teach how it worked in the Bible with Abraham and the generations after. Biblical principles work with faith and commitment.

We inspire them with hope to be leaders who love children with gentleness and patience and who consider their future to transform their nation. Generational blessings are a choice today, to make a mark on the next generation. Marriage is where generational blessings begin and family is where it is worked out.

Thank you for helping us impact leaders in Uganda that may never get to hear the message of Generational Blessings through the Gospel. When we can encourage them by speaking into their lives, praying for them, caring for them physically with food, water, bibles, and bicycles, we are loving them. The fruit of our ministry will be stronger families, churches, and communities who serve others.

Our team for this trip is Pastor Greg Pusateri, Don Schrenk, Alex Williams, Matt Gammon, and myself. Matt is coming to professionally document much of the experience through video and audio so that you can see more of what we do.

We need to raise an additional \$13,000 of our \$28,5000 budget for our mission in less than 45 days, which includes 2 Pastors & Leaders Conferences, 2 Evangelistic Crusades, and ministry at Hands of Love Schools. All donations are tax deductible as we are a registered 501(c)3 non-profit. Please consider giving any amount. It cost about \$14 per leader for a 3 day conference. Together we can make all the difference.

Thank you for your friendship. Please let us know how we can pray for you. God bless you richly!

David Hacker / Co-Founder & Director
