

# Blue Mountain Region Student Leadership Day 2018

*Create a Culture • Close the Gap • Ensure Safety • Engage the Community*

*Sponsored by the Association of Washington Student Leaders and the Association of Washington School Principals*

## October 1 | Pomeroy Jr-Sr High "Make People Better"

### **This leadership day is designed for middle level students accompanied by high school role models.**

Middle level participants might represent an entire grade level, an existing leadership group or any combination of students who could benefit through this experience. A school delegation might include: 15-20 middle/junior high students, 5-10 high school students, 1-3 adult staff.

### **Workshop topics include:**

- Confronting bullying behavior and improving school climate
- Leadership styles and the role of student leaders
- Effective meetings and project planning skills
- Assembly techniques and crowd involvement
- Teambuilding

### **Explore how positive, engaged students help create strong schools**

Student leaders can be partners in school success. Trained student leaders can help school principals create the conditions to Ensure Safety, Create a Culture, Close the Gap and Engage the Community.

### **Build near-peer relationships between the JH and HS student leaders**

The concept of utilizing near peers is gaining traction in the world of work and education. Near-peers are people that are slightly too old to be our peers, but not so old to be classified as our mentors. They are perfectly placed age-wise to communicate naturally with those they are guiding and they can offer practical wisdom regarding challenges they have just recently navigated. In essence, they provide the inspiration and insight for others to exclaim: "If you can do this, then so can I!"

### **Give and gather new ideas**

The best ideas of what to do in small schools come from small schools. The schedule allows separate time for networking and sharing by advisers, high school students and junior high students.
