Action Steps & Goals: If you have a dream, don’t let anyone take it away. Always believe that the impossible is always possible.

Selena Quintanilla

Acknowledgment and embrace the person you are, imperfections and all. That’s the highest service we can achieve: to give back and give to ourselves in the best way we know.

Dr. Paul Bonin Rodriguez

You only have what you give. It’s by spending yourself that you become rich.

Isabel Allende
Some people shy away from boldly claiming what they most wish for. Maybe they fear it'll make them look pushy. Or greedy. Or ungrateful for what they have. But when you keep your dreams hidden away, when you hide them under a sofa cushion, they never get the light they need to grow.

Diane Guerrero, Actress and Author

**Introduction:** The past, present and future are all a part of our dreams. Our names mark the beginning of our life's journey and they act as guideposts to our cultural and family roots. Our education can be a lifelong process. Through education, we gain tools that allow us to utilize our talents and skills. **Education does not equal intelligence; it equals opportunity.** Goals are important to our dreams as well. Knowing where we want to go is the first step in getting there. By setting goals, we establish a path of action.

- What do the stories about your family's educational history and family wisdom mean to you?

**Future:** *What are your dreams and goals for the future?*
- What hopes, dreams and goals do you have for Today? This year? Your future?
- What do you need to do to reach each of these dreams and goals?
- What obstacles might prevent you from reaching these dreams and goals?
