Buncrana Against Irish Water

Join households throughout Ireland and boycott Irish Water bills. Build a strong nationwide mass non-payment campaign. We understand the problems and worry over bills. Let us hold out for as long as we can. When Irish Water fail to get enough customers it will cease to exist. Elections will be called within a year, you will get the chance to change this government and elect sympathetic candidates. If you signed a contract last year write to Irish Water and retract it. It is not legally binding.

Stop privitisation of our water resources.
Stop squandering our taxes on quangos
Stop jobs for the boys.
Stop corruption.
Stop bullying threats, misinformation and lies
