THE HILLS

The softly rolling Moutere Hills are formed from the weathered gravels of an ancient river system, which originally reached from St Arnaud to the coast. The gravel threaded clay soils are renowned for producing wines of richness and texture. The Pinot Noir is deeply flavoured with fine tannins and elegance. The Chardonnay is complex, multi faceted with excellent structure. Winemakers also produce excellent Sauvignon Blanc, Riesling and more recently Pinot Gris.

EXPLORING THE NELSON WINE REGION

Nelson is home to 25 cellar doors, all family-owned. This means that when you visit the cellar door, you'll often meet the winemaker and experience their passion first hand.

THE PLAINS

Waimea means 'river gardens' in Maori – with stony soils of alluvial origin, high sunshine hours and a moderating maritime influence, the Waimea Plains provide a great terroir. The aromatic whites are vibrant wines, with a flinty backbone acting as a counterpoint to the overt fruit flavours, while the Chardonnay here is richly expressive with fine acid structure. The Pinot Noir is perfumed with plum and cherry plum and cherry characters on the nose and the ripeness carrying through to the supple tannins on the palate.
