

Dear friend,  
Your experience of this costume as  
offensive is valid. I am sorry that you  
had to experience this harm.

I support you. I appreciate all aspects of your  
identity and hope that you still feel valued.

Happy Halloween!

Dear friend,

Please accept this as a reminder that cultures are  
not costumes. I would encourage you to consider  
how your costume contributes to a historical  
system of structural racism.

Happy Halloween!
