Domestic Violence in the School
Summit Salon Academy (hereinafter “the School”) is committed to promoting the health and safety of its students. This commitment includes the prevention and reduction of the incidence of domestic violence.

While the School recognizes that both men and women can be victims of domestic violence, the overwhelming majority of victims are women. In fact, domestic violence is the leading cause of injury to women in the United States.

The School recognizes that domestic violence is a school issue. Domestic violence does not stay at home when victims and perpetrators go to school. Victims may be especially vulnerable while they are at school. Domestic violence can compromise the safety of students and directly interfere with the mission of the School by decreasing morale and learning, as well as increasing absenteeism.

For these reasons, the School has established this institutions domestic violence policy. The specific purposes of the policy are to:
A. Create a supportive learning environment in which students feel comfortable discussing domestic violence issues and seeking assistance for domestic violence situations;
B. Develop responsive policies and procedures to assist students who are affected by domestic violence;
C. Provide immediate assistance to victims;
D. Provide assistance and/or disciplinary action to employees or students who are perpetrators of abuse; and
E. Offer training on recognizing and responding to domestic violence.

To the extent permitted by law and unless the substance of the student’s disclosure demands otherwise, the School will maintain the confidentiality of a student disclosure. Educators or School employees will share disclosures with The Owners. However, unless necessary, the information will not be shared with other employees or students in the School. Whenever possible, the student will be given notice of necessary further disclosures. Further disclosure may be necessary if, in the opinion of the person to whom the initial disclosure is made, an abuser presents a threat to the safety of any person; the employee has expressed homicidal or suicidal intentions; or there is reasonable cause to suspect abuse, neglect, or exploitation of children or incapacitated or dependent adults.

3. EDUCATION AND OUTREACH
   A. This policy will be distributed to all current employees or students. New students will receive the policy during orientation. All employees or students are expected to become familiar with this policy and to attend domestic violence training as provided by the School. Educators and school employees will attend specialized training, as provided by the School, focused on identifying and responding to issues of domestic violence in the institution.

4. RESPONSE AND ASSISTANCE
   A. Disclosure; Requests for Information, Referral, and Assistance
      The School will offer support and referrals for assistance to those employees or students who disclose concerns or request help. The School recognizes all persons’ rights to privacy, autonomy, and safety and the corresponding need to control the process following any disclosure. a. Evaluate for immediate threat to victim;
b. Contact a school representative and/or law enforcement;

The School will follow the provisions of this policy with respect to response and assistance to the victim, and address the issue of institution safety plans with the victim as appropriate.

C. Response to Employees or students Concerned about Domestic Violence

1. If a student has a concern that another student is a victim of domestic violence, the student is encouraged to contact a school representative to discuss the concern. The school representative will work with the concerned student to determine the appropriate response. In addition, the school representative may discuss the matter with the owners if there is an immediate safety risk to anyone in the school, or if the perceived problem has an effect on the school, including but not limited to safety, school performance, learning and morale. The school representative will maintain the confidentiality of the disclosing student to the extent permitted by law and this policy.

2. If a student experiences or is a witness to violence or threats of violence in the institution, the student should report the incident to a school representative immediately.
3. Students may wish to seek assistance and information from a school representative before speaking with a perceived victim, but this approach is not required. If a student discusses concerns about safety with a victim, the student should only offer help, not judgment. The student should also:
   a. Refer the victim to appropriate staff, agencies and services, local domestic violence advocates, sexual assault centers, legal services, law enforcement, medical and counseling services;
   b. Remind the student about this policy; and
   c. Encourage the victim to seek assistance when addressing personal and school safety issues.

5. DOCUMENTATION

6. SCHOOL PERFORMANCE
   In instances where the School is aware that a victim has performance or conduct problems as a result of domestic violence, sexual assault, or stalking, the School will offer support and an opportunity to correct the problems. School staff may develop a progress plan with the student to assist and support the student in meeting performance expectations.

   The school staff, in collaboration with the student and any other appropriate agencies, should allow a reasonable amount of time away from school for the student (Leave of Absence) to obtain assistance regarding domestic violence, sexual assault, or stalking.

   Nothing in this policy alters the authority of the School to establish performance expectations, counsel employees or students, impose discipline, reassign class time, place a student on leave, or take other action as it deems appropriate.

   Information or documents pertaining to a victim’s involvement in a domestic violence, sexual assault or stalking situation will be kept in a separate confidential file and will not be considered for purposes of hiring, transfer, or promotion.

7. PERPETRATORS
1. The School encourages employees or students who are perpetrators to voluntarily seek assistance from any of the community resources, domestic violence centers, sexual assault centers, or batterers’ intervention programs.

2. If a student discloses that he or she is or has been a perpetrator of domestic violence, the supervisor should refer the employee to a local Indiana Coalition Against Domestic Violence (ICADV) certified batterers’ intervention program. In every situation where an employee makes this disclosure, the supervisor or manager will immediately be included in the discussion related to the disclosure.

3. If an employee is concerned that another employee is a perpetrator of domestic violence, the employee should notify a school staff member. The employee shall not confront the other student directly. Instead, the staff member will discuss the issue with the managerial staff who will decide how best to address the situation.

4. Employees or students who, while on duty, engage in behaviors that constitute domestic violence, sexual assault, or stalking will be subject to discipline, and law enforcement will be notified.
