8.15 Grant Request Process- Grant Request Process

8.15.1.1 Initial Budget Development Process: Each spring semester the Associated Student Government considers and provides grants, based on previous history with ASG funds, to the academic and student services divisions of the college. The twelve academic divisions of the college plus all non-academic areas covered within the purview of the Vice President for Student Services, under the leadership of their respective administrators, have the opportunity to weigh in on and request funds through their respective division processes. Each area, under the leadership of their division's administrator, has the ability to outline the internal allocation process to work for the timing and individual needs of each division/area/program. The Associated Student Government is most interested to see divisions/areas working openly with their faculty, staff, administrators and students to develop relevant and prioritizes programs, initiatives, and events to directly benefit students.

8.15.1.2 Secondary Grant Allocation Process: Once the initial grant funds are allocated by ASG to the divisions in the first stage of their budget development process. The spring semester of 2014 will be the first time that the students are requesting an assessment of funds utilized in the previous academic year. The ASG Budget Committee will use the data collected to make informed decisions about how to allocate their "rollover" or beginning balance for the next year. Instead of allocating by percentage of the budget used by each respective division/area, the ASG Budget Committee will be targeting additional funding to outstanding student success oriented programs, initiatives, and activities.

8.15.1.3 Special Topic Grant Process: Each year the ASG Budget Committee allocates funds for their Special Topic Grant, according to a targeted interest for the year. Faculty, staff, students (with the guidance of faculty and supported by appropriate division or department) and administrators are welcome to apply.

8.15.2 If, for any reason, the Inter-Club Council cannot provide funding for one of its member organizations, the organization can go to Board of Directors to request funding, provided that they obtain a written recommendation from the Inter-Club Council Executive Board supporting the request, along with a detailed, descriptive presentation in regards to why the amount has been requested, and detailed accountability for said funds, which is to be presented to Board of Directors during the time of consideration.
