

## **UKE EXPRESS - ONE TRAIN, 350 UKULELE PLAYERS!**

A fantastic experience for all uke players, travelling aboard the Uke Express, a specially chartered steam train on the North York Moors Railway, Pickering.

---

### **TICKET TYPES**

All tickets type include the Uke Express itself. Then, there are two gig packages to choose from. Everyone on a gig package will see the same ukulele acts in the same venues, just on different nights - something we've had to do because Pickering's venues aren't big enough to accommodate us all!

---

### **UKE EXPRESS ONLY - SUNDAY 8TH NOVEMBER**

We'll gather from 9.30am at the station in Pickering, North Yorkshire. A cafe will be available if you want to grab a cup of tea before the off! Then, we'll watch as the Uke Express steams up to the platform for boarding. Every passenger will have been issued a songbook prior to the event, so you'll find that as soon as people are on, the singing and strumming will start!

The engine will then take us across the beautiful North Yorkshire Moors national park, for stunning views of this wild landscape. All the while, we'll be playing and singing - unless you want a quick break and a drink in the buffet car! We'll arrive in the seaside town of Whitby just before 12 and then have free time to get some fish and chips and have a look at the town. We'll have a rendezvous (optional) at the station at 1.30pm for a Big Strum & Singalong! Show the people of Whitby what 350 ukulele players playing together is like!

Afterwards we'll return to the train for a 2pm departure, singing all the way home to Pickering for arrival at about 4pm.
