WORKS BY JANE ADDAMS

Books:

EDITED COLLECTIONS OF ESSAYS:

In addition to several books, Jane Addams wrote hundreds of articles on a vast array of subjects, including aspects of settlement house life, industrial conditions, juvenile justice, suffrage, civil rights, municipal reform and planning, immigration and ethnicity, child welfare, international peace, and many more. These articles were originally published in both scholarly journals and popular magazines that reached a wide audience. A good selection are reprinted in the following collections:
