- No processing fee on Tolls and Taxes
- Credit Card Processing only for one driver on single-operated cars
- No Medallion Removal Before Vehicle Retirement
- \$50/week Insurance must be FULL COVERAGE Until Vehicle Retires
- Make Fleet Owners Responsible for All Repairs
- Prosecute Against Dispatcher Bribes
- Late Fee to Second Shift Driver, Not the Garage
- Credit Card Reimbursements in Cash or Check Only! No Debit Cards!
- Revenue-Sharing on Rooftop & TV Ads

### **ALL DRIVERS UNITE**

**TAKE ACTION to Pass FHV Study & Limit on New Vehicle Permits!**

Uber is on a warpath – lying and lobbying – to stop the City Council from requiring a study on the Environmental Impact of the new FHV's & to limit the number of new vehicle permits during the study.

**CALL YOUR COUNCIL MEMBER!**

**"I drive (a taxi, green cab, Uber, Lyft, black car) for a living and none of us can make a living because of the congestion and the over competition. Protect the hard-working drivers, not the billionaires at Uber!"**

For Your Council Member's Phone Number & Address, Call NYTWA at 718-706-9892, or Call 311.

### **NYC, Rise Up!**

**Don't let Uber, Lyft & other App Companies Turn Our Full-Time Jobs into Part-Time, Temporary "Gigs."** Uber drivers in US earn less than \$15,000/year. In NYC, Uber wants to add 10,000 NEW cars to their fleet of 19,800. Drivers are only good, though, until the **Driverless Cars** are built. (Uber started tests in Pittsburg.)

**Don't let taxi fleets and brokers tie us down to high leases & no benefits!**

In France, Brazil, South Africa, Australia and dozens of countries across the world, professional, full-time taxi drivers are standing up, fighting back, defending their rights.

**GET READY to TAKE ACTION, Brothers and Sisters!**

**TAXI DRIVERS: Yellow, Green, Uber! It doesn't matter what you drive.**

**If this is your full-time job, then stand up and protect it!**
