

Dear Todd,

Thank you for taking time to attend our recent meeting and being our featured speaker.

I am truly glad that a friend of mine, and one of our group members, heard you one late night and encouraged me to begin listening to you. It was one of those chance happenings. My friend was having a sleepless night and tuned into Freedom 95.9 when sleep eluded her.

She was so impressed and excited about your show she called the next day just to talk to me about it. She told me she had heard this new guy named Todd Huff on the radio and that I needed to start listening to him and invite him to speak at one of our meetings. After a few persistent queries from her over a period of a few weeks she finally wore me down and I followed up on her suggestion to tune into your show. After listening, I too was sold and immediately contacted you to invite you to speak to our group.

It was indeed a pleasure to find a fresh, new, conservative radio voice and especially nice that you are local. I want to share some of the thoughts and comments my friend shared with me that impressed her so much with you and your show. I think she says it all.

“I really like Todd’s sincere and insightful approach to the issues. His thoughts and stance on current political issues are respectful, open-minded with a sincere tone. He proudly holds traditional American core values and boldly strives to promote, preserve and defend them – I believe these values represent the majority of Hoosiers in Central Indiana. I really like the way he holds the audiences attention. He speaks in a very thoughtful -and thought provoking manner - both on air and in person!! Todd Huff takes me back to the good old conservative Midwestern roots I grew up with--having family around the kitchen table to share a meal and caring, common sense conversation on the day. Todd is a breath of fresh air!”

So Todd thank you for deciding to follow your dreams to become a conservative radio voice and share your talents on air and thank you to Freedom 95.9 for broadcasting your show.

Best Regards and Much Success
