

Principal Support Form

A principal support form must accompany all NobleCause grant proposals submitted by a high school. This form indicates your principal's endorsement of your grant proposal and commitment to support implementation of the grant if awarded.

Please print out this form and complete the project information. Give this form to your principal, along with a description of the project, and have him or her sign the form. Submit the signed form as part of your NobleCause online application. You may scan the form and attach it as a pdf to your application, or you may use the [Fax to File](#) feature, which is available as part of the online application.

School: _____

Name of Project: _____
