

Finc3 is one of Germany's most well-respected and innovative digital consultancy firms and works with some top brands and online businesses such as Sonos, MailChimp, a leading European supermarket chain, but also fast growing online companies like Onefootball or Felix1. We work on a range of topics with our clients; e-commerce services, analytics, CRM and performance marketing. Finc3 is also behind the creation of the leading wine recommendation platform, Navinum.

We are currently looking to hire a Junior Online Marketing Manager as part of our fast growing Performance Marketing Team. The position would be full time and would be based in central Bratislava (Connect-Network, Cvernovka).

The most significant advantages of working with us would be:

- The chance to work with and learn from some of Germany's top digital marketing minds
- Many opportunities for professional development as the Performance Marketing Team grows
- A very competitive salary can be agreed based on your experience level
- Flexible working hours: occasional home office can be agreed after some time

As a Junior Online Marketing Manager you would be expected to:

- Support the team in the implementation of digital marketing strategies across multiple channels and for a portfolio of diverse clients
- Help in managing the performance marketing spend of a small number of clients across platforms like AdWords, Facebook, Twitter and LinkedIn as well as retargeting platforms such as AdRoll
- Communicate with designers to produce top quality creatives for use in marketing campaigns
- Regularly update and improve reports & the communication of results to all clients

Required skills:

- Good understanding of the digital marketing landscape particularly regarding AdWords, Facebooks Advertising, Twitter Ads, LinkedIn & other digital marketing platforms
- Strong analytical skills and the ability to apply those skills in problem solving and other practical situations
- Ability to read & draw solid conclusions from data as well as the ability to represent that data in a clear and actionable way
- Advanced skills in Microsoft Excel
- The ability to learn quickly and independently
- Ability to work independently and prioritise tasks when needed
- Excellent communications skills in English, both written and oral (German language skills are NOT required)
