

The Crossing celebrates 10th birthday with new website, new season

September 11, 2015 - As we begin our second decade and celebrate our 10th birthday, The Crossing invites you to visit our all-new website www.crossingchoir.com and to check out our [2015-2016 season brochure](#). A new look, as we respond, reprise, and renew.

Months in the making with designer friends Elizabeth Haidle, Cory Klose and the Twin Collective team, both season brochure and website are the first stops on the journey that is our anniversary season, with 25 world premieres, concerts in New York, and our largest project to date, Seven Responses.

Happy Birthday to The Crossing - thanks to you, we enter Decade 2 refreshed and excited!

coral - generator of reefs that are part plant, part animal, part mineral; greater than the sum of its parts; at once thriving, now struggling; a thing of beauty and of serenity, containing millions of species in consort

choral - generator of emotional reefs that are part art, part people; greater than the sum of its parts; at once struggling, now thriving; a thing of beauty and of serenity, containing...ok, not millions, but a lot of different types of people in consort
