

FREE Vision Screening Colorado Lions KidSight Program

The local Lions Club in your community, in conjunction with the Colorado Lions KidSight Program, will offer free vision screening to your child at his/her preschool or kindergarten. The screening uses state-of-the-art technology and is 85-90% effective in detecting the vision problems that could lead to lazy eye. No physical contact is made with your child and no eye drops or medications are used. **WHY VISION SCREENING?** 1 in 20 children has an undetected vision problem that could turn into lazy eye if left untreated. Early detection and treatment is essential to prevent lazy eye.
