## FILL A BAG FOR KIDS!

**One in five American children faces food insecurity.** That's more than the populations of New

York City, Los Angeles, and Chicago combined. During the school week, most of these children depend on the federal free and reduced meal program their school offers. Sometimes, the meals at school are the only ones they get. When the school closes its doors on Friday afternoon, many of these children go home to empty cupboards and empty bellies for 65 hours until they return to school on Monday morning.

**Field Elementary *Weekend Backpack Program*** provides children with a bag of child-friendly food items to take home every Friday of the entire school year. More than 1,600 children in 60 schools in Springfield and across the Ozarks benefit from programs like the **Field Backpack Program**. Please help us feed kids by filling a grocery bag with items from the list on the back of this insert and placing the bags around the piano in the ET south lobby. **We will collect backpack items during the entire month of September.**

Remember: small, individual-size items work best. Our backpack kids carry their items home so the items need to be small enough for kids as young as kindergarten-age to carry, open and prepare without the help of an adult.
