Wellness Checks We will offer **Wellness Checks** again on **Sunday, October 22nd** during both services. The checks will be made in the room across from the Resource Center. High blood pressure (HBP or hypertension) is a symptomless "silent killer" that quietly damages blood vessels and leads to serious health threats. The best way to know if your blood pressure is in a healthy range is to get it checked. While heart disease is still the number-one killer in the United States and around the world, death rates have decreased significantly, thanks in part to early detection and better treatment of high blood pressure. **Know your numbers!**

ET COMMUNITY FUN FAIR We will host the first Et Community Fun Fair ON Saturday, November 18th. More details will be announced in upcoming weeks. **NEEDED:** stuffed animals and/or gently used toys and prizes for the Fair. Please bring them to the church and place them in the containers in the west hallway, near the Resource Center. **NEW NEED:** We need milk cartons for one of the carnival activities. Please bring clean cartons to the Resource Counter. Thanks for making our first carnival a success!
