

PARKSIDE SUMMER INSTITUTE

PROFESSIONAL DEVELOPMENT WORKSHOPS

Finding a way to teach every child is our mission at The Parkside School, and we view outreach to the community as vitally important to our mission. The Parkside Institute offers insights to our methods, knowledge, research, and training in order to enhance the educational experiences of children with language and learning difficulties and to encourage the replication of these programs.

We invite you to study with us.

2017 WORKSHOPS

Stern Math: Structural Arithmetic Program

Part I: July 17-19, 2017

Numerical foundations, addition and subtraction within 100, place value, and money

1:00 PM - 4:00 PM

\$285

Part II: July 20-21, 2017

Multiplication, division, fractions, decimals, and time

1:00 PM - 4:00 PM

\$195

Temple Ary, M.A.; Stephanie Feinberg, M.A.

Learn to support your students' development of number sense and understanding of the operations through the use of Stern Structural Arithmetic, a systematic, multi-sensory system that engages students in the discovery of fundamental mathematical principles.

This interactive workshop series includes demonstrations of the Structural Arithmetic materials and activities, including games, student videos, and hands-on practice.

The Structural Arithmetic Program, developed and taught by Catherine Stern, Margaret Stern and Toni Gould for over six decades, is a renowned standard for effective mathematics instruction. It equips teachers with a multi-sensory, structured, systematic, and thorough program that gives children a strong foundation for all math skills.

Stern has been extremely successful in supporting students with language processing and/or learning difficulties, as well as second language learners. For more information about the program, please visit: www.SternMath.com.

Constable Literacy Procedures

July 26-28, 2017

Theory and Practice

9:00 AM-3:30 PM

\$250

***Catherine M. Constable, Ph. D., CCC-SP, Co-Director of the Rye Learning Center;
Leslie Thorne, M.S., Founding Partner and Educational Director of The Parkside School, N.Y.C.***

Students with speech and language impairments are a risk for related literacy challenges. However, these children can become capable readers in learning situations which use specific evidence based and research supported intervention. This is a comprehensive presentation of The Constable Literacy Procedures. The theory and practices are detailed in a workshop format which applies to classroom, small group, and individual interventions. The presentation is enhanced with video demonstrations and novel teaching strategies and materials.

Speaker Disclosures

Dr. Constable is a paid consultant to The Parkside School and presenter at various professional associations receiving honorariums. She is creator of The Constable Procedures, which are currently unpublished, and therefore receives no compensation for the use of the procedures.

Ms. Thorne is a salaried director at The Parkside School, where The Constable Reading Procedures are utilized. She is a collaborator with Dr. Constable related to the development and adaptation of The Constable Reading Procedures in school-wide settings.
