Hello :)

Hello there:

My name is Clayton Taylor and I am a senior-level creative who is seeking new opportunities in the greater Seattle area. Currently I am on contract to Boeing Commercial Airplanes as a Sr. Designer.

As a senior designer, I lead design projects across multiple disciplines, and both create and oversee advertising campaigns being constructed across multiple teams and office locations. In addition, I am tasked with ensuring the right people are working on the right projects and their talents are being utilized efficiently to his/her highest potential.

To the table, I bring over 9 years of experience as a creative director, art director and designer. I draw from my experience and abundant creativity to create intriguing designs that tell a story. On the team I am an energetic leader and attentive listener who nurtures great ideas and brings the best out of my team. I am a creative with a voice and vision who takes pride in his craft and knows that the details count. I have a voracious appetite for great advertising and design. I hope you do too.

My team comes to me for guidance, constructive feedback, and imaginative ideas. I live for being the glue that holds people together. As a hub, I know it's a job I have to earn every day, not just once in an interview. Ultimately, I believe that trust is what allows creative teams to be open, curious, and happy. This is not something I take lightly, and I know that trust is a house you never stop building.

Thank you, and I hope to hear from you soon,

A handwritten signature in orange ink that reads "Clayton Taylor". The signature is stylized with a large, sweeping flourish at the end.
