\$34 Menu

Townshend's Tea (choose one)

Chamomile - Soothing Egyptian chamomile blossoms with a subtle honey-apple aroma giving each sip a pleasant accent.

Peppermint - Bright and refreshing with a scent that rings strong and clear. Organically grown in the U.S.

Yunnan Hong Cha - This tea infuses to an amber color with a smooth and bold taste. The Yunnan province in China has been producing tea for nearly two millennia.

Crème de la Earl Grey - Medium-strength Earl Grey following in traditional English style, blended with blue mallow flowers and an essence of French crème.

Japanese Sencha - Grown in full sunlight, but shaded for the last weeks before harvest, this natural leaf tea accounts for the largest portion of Japan's tea production. The forest-green leaves produce an intense fresh taste.
