

AYURVEDA 101 Fundamentals

Four- Week Class Series on the Power of Holistic Living!

Do you need easy and effective ways to improve your health, reduce stress, and cultivate inner peace? Do you wish for more energy, focus, and direction?

Ayurveda, the 5,000-year-old holistic healing system of India and the sister science of Yoga, has the answers you are looking for. Translated as the “Science of Life,” Ayurveda shows you the power of lifestyle- how to promote longevity, avoid disease, and live intelligently. Observing daily rituals maximizes your energy, reduces stress, enhances self-awareness, and allows you to live life to your fullest potential. Whether your body type is *Vata* (Air), *Pitta* (Fire), or *Kapha* (Earth), you can strategically avoid imbalance and prevent many diseases. Learn the basics of mindful eating, appropriate exercise for your constitution, and the value of meditation and yoga. This comprehensive four-week series is only for those who are motivated to transform their lives!

Week 1- Introduction to Ayurveda & Your Body Type

Week 2- Living an Ayurvedic Lifestyle

Week 3- Following an Ayurvedic Diet
