## Policy on Assessing the Independence of Directors

### Nyota Minerals Limited ABN 98 060 938 552 (Company)

An independent director is a non-executive director who is not a member of management and who is free of any business or other relationship that could materially interfere with – or could reasonably be perceived to materially interfere with – the independent exercise of their judgement.

It is the Board's policy that in determining a director's independence, the Board considers the relationships which may affect independence as set out in Box 2.1 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations* as follows:

When determining the independent status of a director the Board should consider whether the director:

- 1 is a substantial shareholder<sup>1</sup> of the Company or an officer of, or otherwise associated directly with, a substantial shareholder of the Company;
- 2 is employed, or has previously been employed in an executive capacity by the Company or another group member, and there has not been a period of at least 3 years between ceasing such employment and serving on the Board;
- 3 has within the last 5 years been a principal of a material professional adviser or a material consultant to the Company or another group member, or an employee materially associated with the service provided;
- 4 is a material supplier or customer of the Company or other group member, or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
- 5 has a material contractual relationship with the Company or another group member other than as a director;
- 6 has served on the Board for more than 9 years; or
- 7 has received or receives additional remuneration from the Company apart from a director's fee, has a significant participation in the Company's share option or performance related pay scheme or is a member of the Company's pension scheme.

Family ties and cross-directorships may be relevant in considering interests and relationships which may affect independence, and should be disclosed to the Board.

For the purposes of determining materiality, the Company discloses its Materiality Thresholds in its Board Charter.

---

<sup>1</sup> For this purpose a "substantial holder" is a person with a substantial holding of 3% or more of the issued share capital of the Company from time to time.
