

PRODUCTIVITY KUNG FU

WHAT DOES PRODUCTIVITY EVEN MEAN?

- Tips and tricks to get you to be bigger, better, faster and more? (Thank you, 4 Non Blondes.)
- Do these five things and have a four hour workweek! (Most productivity articles are filled with common knowledge.)
- Where is this getting us?

PERHAPS PRODUCTIVITY IS BETTER DEFINED BY WHAT IT IS NOT...

- That nagging feeling that you've forgotten something (again)...
- The never ending to do list.
- The feeling that you should be further in your life than you are.
- Chaos controls your every waking moment.

HERE'S YOUR KUNG FU MOVE, GRASSHOPPER

- Identify one thing you want out of this day. (Size is important, Grasshopper.)
- How much time is it going to take?
- Look at your schedule - how much time do you have?
- Do it, Grasshopper.
- Report your progress during tomorrow's show.

SENSEI SAYS: BULLDOZE THE BS, FIND OUT WHAT YOU REALLY WANT, AND AIM FOR IT. WE'LL HELP YOU ALONG THE WAY, GRASSHOPPER.
