Latha math air an Eilean
Eilean Leòdhais mo Ghràidh
Latha math air an Eilean
Dachaigh mo smuaintean gu bràth

Rann 1

Ag èirigh tràth anns a' mhadainn
A' ghrian a' deàrrsadh sìos
Tha àile na mara a' tighinn tron uinneig
Tha h-uile duin' an àirde

Rann 2

Tha an abhainn làn le pailteas uisge
Tha am bradan a' tighinn a-rithist
Tha na balaich bheaga shìos air an drochaid
Feuch an glac iad aon no dhà

Rann 3

Tha an t-Earrach ann 's na làithean fada
Tha na h-uain a' ruith mun cuairt
Tha na bodaich a-muigh a' buain na mòna
Tha an t-àm sin air tighinn a-rithist

Rann 5

Tha a' ghealach shuas 's a' ghrian na cadal
Tha an oidhche nis air tighinn
Tha e sàmhach is ciùin tron an Eilean
Tha e math a bhith beò x2

Chorus

Good day on the island
Isle of Lewis my love
Good day on the island
Home of my thoughts forever

Verse 1

Rising early in the morning
The sun shining down
The sea's scent coming through the window
Everybody's up

Verse 2

The river is full with plenty water
The salmon are coming again
The wee boys are down on the bridge
Trying to catch one or two

Verse 3

The Spring is here and the days are long
The lambs are running about
The old men are out cutting peat
That time has come again

Verse 5

The moon is up and the sun asleep
The night has now come
It's quiet and peaceful through the island
It's good to be alive x2
