1. Approve Minutes of March meeting
2. Town Vision: The idea of moving forward with a town vision was presented to the Select Board and they supported it and especially liked the idea of a mailed survey. The last survey was done in 2004. Farley brought an example of a report and action plan which Hardwick completed in 2006 and which resulted in the identification of four major areas to address. There was discussion about doing a survey of residents in conjunction with face-to-face meetings. Susie wondered about hiring a person or organization such as NVDA to facilitate the process; Farley volunteered to contact NVDA. Dave is going to contact Dave Stoner about locating the survey which was done in 2004.
3. Outdoor Center: The Center is in the process of making changes to some of their buildings. Susie forwarded an email from Bruce Urie to some of the Planning Commission members, with a string of communication from the Center requesting a letter stating that their project fits with Craftsbury's town plan. Linda will write a letter on behalf of the Planning Commission supporting the project.
4. Town Planning Map: Wayne Mutrux has the map and is working on it.
5. NVDA Update: Farley gave an update about her meetings with NVDA which are focused on gathering information about wind power.
6. We're aiming to meet on the 3rd Monday of each month. There may be months where this is not possible because of the availability of the Town Hall, in which case we will notify members well in advance.

Next Meeting: May 20th, 7:00 pm Town Hall
