Maricopa County Education Service Agency (MCESA) provides garnishment services to all school districts within Maricopa County. To continue our services as your authorized statutory agent, please submit an updated Governing Board Resolution form with the current board members signatures for every fiscal year.

A Governing Board Resolution form can be found at MCESA's website:

Please be advised that your school district cannot charge the garnishment setup fee to your employees. This is a fee collected from your school district for providing the garnishment service.

If you have any questions, please contact the garnishment division at [garnishments@mcesa.maricopa.gov](mailto:garnishments@mcesa.maricopa.gov) or 602-372-8425/602-506-3533.
