About me

Born and raised in Ridgewood, New Jersey, I've been interested in creative design since I can remember. I come from a colorful background of a single mother, two older brothers, video games, and a love for adventure that fondly seeps into my work.

I'm passionate about logo design, packaging, and branding, and I'm looking forward to flexing my UI/UX abilities as well! I look forward to new projects and problems to solve. I thrive in fast paced atmospheres with friendly and creative people.

Education

Rochester Institute of Technology

Graphic Design Major
Writing Minor
GPA 3.9
Deans List (2012-2014)
Projected graduate date: May 2015

Bergen Community College

Graphic Design Major
Associate's Degree
GPA 3.7

Work History

Anadigics

Assistant Graphic Designer
February 2012 – August 2013
An electrical engineering company in Warren, NJ. Initially hired to help maintain data sheets, I moved on to edit and maintained the website as well as the redesign and update the intranet website.

Drawing Board Media

Sales/Junior Graphic Designer
August 2009 – January 2011
A website design company located in Ridgewood, NJ. I participated in the design of draft websites to show potential customers, handling customer questions and requested changes, as well as meta data.
