Scholarships and Fee Assistance

Introduction

We want you to join us because you are the best, but you may need some help to get here. St Catherine's College invests \$800,000 annually in a range of residential scholarships and bursaries to provide students with the opportunity to pursue a tertiary education whilst living on campus. Scholarships vary in size and provide substantial discounts on fees.

Scholarships are awarded **only at the start of each year** to outstanding applicants who will be assessed on academic achievement, significant service to the community and sporting or artistic achievement.

How to apply for a scholarship to live at St Catherine's

Applications for a scholarship to live at St Catherine's **are separate** to the standard application process for residency. If you intend to apply for a scholarship to live at St Catherine's, you should first submit an online application on the *UWA Residential Colleges Application Portal*, with St Catherine's listed as your first preference.

Once you have completed the above, submit an online scholarship application through our website. While we have a range of scholarships, each with its own eligibility and selection criteria, you only need to complete one scholarship application form. We will consider your application for the most appropriate scholarship to you. Scholarship applications for 2018 are now open on our website and close on 30 January 2018.
