

NH3 EQUIPMENT FALL PROGRAM

ORDER BEFORE NOVEMBER 30 AND RECEIVE AN **EXTRA 5% OFF!**

SINGLE 2000

Our 2000 gallon tank & wagon is DyTerra's best value and most popular NH3 package. Available with standard 1 1/4" or high flow 1 1/2" plumbing. Duo-Lift M2100C wagon c/w 21.5" x 16" lug tires.

TWIN 2000

Reduce your down-time and finish sooner with double the capacity. DyTerra offers a Twin 2000 gallon tank package fully plumbed and field ready. Duo-Lift LB4400 Low Boy heavy duty wagon c/w 30.5" x 32" lug tires on 10 bolt rear hub and 23.1" x 26" lug tires on 8 bolt front hub.

SINGLE 2400

Our 2400 gallon tank & wagon package is our largest tank. It offers great value by increasing your application capacity without spending too much.

SINGLE 3000

The bigger and better 3000 USWG NH3 Tank with a custom Duo-Lift LB1-CU wagon features 1 1/4", 1 1/2" and 2" bottom withdrawal ports and two 1 1/2" rear fill valve ports. The high flow larger fill valves make filling times faster.

8100 USWG TANKER

The DyTerra 8100 tanker delivers more than just NH3! This advanced low profile design offers a lower center of gravity for greater stability. Fill up to four 2000 gallon wagons with just one load.

Comes standard with 3" Blackmer high-flow pump and 3" LC PD meter.

CALL US TODAY AND REFERENCE **PROGRAM DYNH3** TO RECEIVE YOUR DISCOUNT

Offer expires November 30, 2017
