Community Highlights!

Congratulations to the leaders Kyle Brouillette, Sherry Graham, Imelda Jurado and Principal Amy Lloyd from the Cunningham Coordinated School Health Team for getting their Healthy Bingo/Lotería display boards mounted in the cafeteria. Students will focus on where fruits and vegetables are grown and their nutritional value. Cunningham campus has committed to using these display boards as materials to reach greater success in state Health TEKS and CATCH lessons.

Cunningham Block Walk: Members of the Cunningham Coordinated School Health team and community block walked to invite neighbors to participate in GAVA initiatives like the Adopt-a-Park program, regular CSH team meetings and the upcoming Berkeley Health Fair on September 26.

Jones Rd/Westgate Community: 21 residents from this area, established a GAVA Geo Team and committed to work on the community improvements such as lighting, safety, sidewalks, speeding, food retail and parks. They are also recruiting members for the Sunset Valley Elementary Park- Adopt-a-Park Team and Food Retail Committee. Special thanks to leaders Maribel Reynoso, Brenda Reyes and Patricia Carrasco for taking the lead in these committees.

Brighter Bites: All of the GAVA elementary schools plus Foundation Communities, (10 sites total), will be participating in the Brighter Bites Program! The program provides produce to students and families and teaches them how to make healthy choices and prepare seasonal fruits and veggies. For eight weeks this semester and eight weeks in the spring, students who register in the program at each campus will receive 30 pounds of produce and in-class nutrition lessons once a week. GAVA is working with each school to identifying volunteers to help distribute produce. Leader Ofelia Zapata of the Dove Springs District Park Team addressed the crucial need for access to healthy food.
