En Plein Air Gallery to Feature Paintings from France by Rebecca Stebbins

Local painter Rebecca Stebbins will be the featured artist at En Plein Air Gallery, 961 Linden Avenue in Carpinteria for the month of August 2016. A reception with the artist will be held in conjunction with Carpinteria's First Friday celebration on August 5th, 5:00 to 8:00 PM.

The exhibition, *Terroir: Paintings from France*, reflects Stebbins' love for the landscapes and lifestyle of the South of France. She has been painting in France since 2001, following a long line of well-known painters who wished to capture the beauty, light, and landscapes from the Charente to the Midi and Provence. Her impressionistic work includes both still life and landscape paintings in oil. Stebbins also paints along the California coast and teaches art at The Howard School. She is a member of the California Art Club, the Santa Barbara Art Association, the Carpinteria Art Center, and Southern California Artists Painting for the Environment (SCAPE). Her work is in collections across the United States and in Europe.
